IMAGINE Software Signs New Client PBS West

Charlotte, N.C. – Technology Partners, Inc. (dba IMAGINE Software), a leading provider of medical billing technology, announces new client Professional Billing Services (PBS West) has selected the IMAGINeradiology™ practice management suite for its billing and collection needs.

The Nevada-based, full-service billing company specializes in offering billing, collections and accounts receivable management services for radiology groups and imaging centers. PBS West chose IMAGINE because of its reputation for showcasing an innovative system with powerful features and functionality.

“We needed a truly advanced system to meet our technological demands and generate proven results, as well as a partner who understands the importance of quality support and communication,” commented Claudia Dwyer, CEO of Professional Billing Services. “Both IMAGINeradiology™ and the entire IMAGINE team exceeded our expectations. We are looking forward to being able to provide our customers with a reliable and efficient system that can maximize their profitability and success.”

“We respect the strong commitment and invaluable experience that PBS West has in the radiology industry,” stated Sam Khashman, President and CEO of IMAGINE Software. “We are excited to share in this partnership opportunity, as well as confident that PBS West will continue to grow and thrive with the IMAGINeradiology™ system.”
