For Immediate Release: June 2, 2011

## **IMAGINE Software Secures New Contracts Across United States**

**CHARLOTTE, NC** – Technology Partners, Inc. (dba IMAGINE Software), a leading provider of medical billing solutions, announces the recent addition of six new clients from across the United States. The contracts consist of multiple hospital-based and physician-based billing services facilities located in Missouri, Texas, South Carolina, Alabama, and New York.

The company saw a record number of new clients in 2010 and has continued to experience steady growth. All new clients will be receiving the latest version of the IMAGINE system, IMAGINE V 10™, featuring a variety of completely user-driven enhancements, including new modules and templates for reporting, ticklers, and dashboards; expanded analysis filtering and drill-down enhancements; faster navigation capabilities; and exclusive utilities to aid users with auditing, PECOS, and ICD-10. IMAGINE V 10™ will be showcased by the IMAGINE team at Booth #600 during the Radiology Business Management Association (RBMA) Radiology Summit in New Orleans on June 5-8, 2011.

“We appreciate being selected as the partner of choice for these organizations,” stated Sam Khashman, CEO of IMAGINE Software. “The continued growth shows that our market is recognizing the value our system and our team provide. We look forward to providing exceptional customer service and advanced technology, and are excited to present IMAGINE V 10™ to the industry with the support of our client base.”

### **About Technology Partners, Inc. (dba IMAGINE Software) and IMAGINeradiology™**

Technology Partners, Inc. has led the way in developing and supporting automated medical business management solutions for 11 years with its flagship product, IMAGINeradiology™. A wide range of Microsoft-based office tools and features makes integration and conversion to IMAGINE easy. The IMAGINE Suite has been heralded for its ability to streamline billing/collections workflow, improve staff productivity and increase practice profitability with an unsurpassed billing engine and collections automation that reduces the lifecycle of claims. IMAGINE offers its own advanced document imaging technology, an Auto Coder feature, EOB Reader, and direct-to-payer claims submissions, as well as electronic remittance. The IMAGINE team offers highly acclaimed products and services that have revolutionized the way practices and billing offices do business. With the full support of its customers, leadership, and partners, TPI provides innovative products that expand to accommodate the changing needs of today's medical practices.
