### **Radcom Associates, Ltd. Selects IMAGINE Software as Medical Billing Provider**

**Charlotte, NC** – Technology Partners, Inc. (dba IMAGINE Software), a leading provider of medical billing technology, announces that a new client, Radcom Associates, Ltd., has chosen the IMAGINeradiology™ practice management suite for its billing and collection needs.

A multi-specialty, multi-state medical billing company based outside of Pittsburgh, Radcom provides services to more than 70 physicians who bill over 850,000 procedures annually. After careful consideration of other solutions within the marketplace, Radcom selected IMAGINE as the new centerpiece of its billing operation due to the need for an all-encompassing practice management system that could provide seamless integration capabilities with existing client services.

“We currently use several advanced technologies for our clients, including an automated natural language processor to aid our certified coders, as well as an online transaction processing and eligibility service,” said Managing Partner David N. Green, CPA CHBME, for Radcom Associates, Ltd. “During our decision-making process, we knew we needed a product that would allow us to continue utilizing these services while overseeing and connecting the entire practice management operation for our clients. Partnering with IMAGINE gives Radcom the flexibility to integrate and control this sophisticated suite of services.”

“Our clients have the freedom to choose the vendors they want to work with while being confident that the IMAGINE system can connect vital processes and perform at a superior rate,” said Rocky Sebastian, regional account executive for IMAGINE Software. “We are honored that Radcom Associates, Ltd. found IMAGINeradiology™ to be the superior choice.”

“IMAGINE’s open architecture and advanced technology provide us with a platform that is ready to navigate a rapidly changing healthcare environment,” stated Green. “We look forward to a long and mutually beneficial business relationship and can only IMAGINE the possibilities for the future.”
